- Stay up to date with latest releases of android and sdk.
- Integrate required third party libraries inside applications .

Education History

Year	College	percentage
2012-2016	Sphoorthy engg college Branch ECE	70%
2010-2012	Sri Chaitanya junior college Branch MPC	84%
1997-2010	Sandeepani Vidya Niketan high school	88%

Projects

1.Wowio :- Wowio is an app where users can buy books and read books inside app .The books are in format .epub ,we built an epub reader inside the app to read the book only from the app. Additionally there are features to bookmark page,highlight text ,add note and show ads while reading book.

My Role: Fixed over 200 bugs inside app, cleaned up unused code, Complete Epub reader part done by me including the features mentioned above.Functionality for searching and sorting the books.

2.Biryani & Kababs :- Biryani and kababs is name of a restaurant in U.S . I built an app for the restaurant where users can select food add it to cart and buy the food.Integrated paypal SDK for paying money using his paypal account.

My Role: Full app done by me.

3.School Attendence App: This is an app for teachers .In this app teachers select the class and period ,the students list will be populated .The teachers then tick marks the students available . The attendance will be updated inside the server once teacher clicks ok.

My Role: Full app done by me.

4.Tappawala:(In progress) Its some thing similar to swiggy app where useres can sort restaurants based on distance,discounts and food menu and user can pre order for next day.

My Role: Full app done by me.

5.Audio Calculator:(Practice App) This was an app built by me for practice in my free time . In this app users can give input to the app using his voice and app will respond back the result by voice.

My Role: Full app done by me.

6.IronMan Flash Light:(Practice App) This was an app built by me for practice in my free time . This app switches on the flashlight by showing out an cool Iron Man animation and voice of jarvis. This app also got a switch mode just in case if users don't like animation.

My Role: Full app done by me.

Apart from above apps i have also done few more small app like Drawing app, Barcode reader app, Face detection app,Google maps app showing current location etc.

Declaration

I do here by confirm that the information given above is true to do the best of my knowledge and belief.
