Projects

Aumhum

Aumhum is an app for learning meditation &
yoga , listen to relaxing music and bedtime
Stories , practice various breathing techniques ,
and write journals

Role :- Lead Android developer

Playstore

The Voice directory

This app is a job portal for voice artists . There
are 2 roles in the app artist and hirer .
Voice artists can showcase their profiles and
apply for jobs . Heirers post jobs & recruit
artists .

Role :- Senior Android developer

Wowio

Wowio is an app where users can read books
inside the app .The books are in .epub
format . We built an epub reader inside the app
so that the book can only be opened
from the app. Save the books data inside the app
in an encrypted way .

Role :- Junior Android developer
